TOMATO CLUB CHAMPION TZLLS A OUT HER TRIP

Miss Lizzie Kelly, Who Won Sec ond Prize in National Contest, Writes Story for Un ion Progress of Her Trip to Washington

"Yes, I me. Mrs. Woodrow Wilson; that low in price I began canning and would have met, the president them, and would can from four to but he was sick," said little Miss Lizzie Kelly, who returned Saturday from a trip to Washington, where she represented South Carolina as the champion tomato grower of this

THE RESIDENCE OF THE PERSON OF

"Birs. Wilson is feal pretty, and she was real pleasant with us all when we were introduced to her in the East room of the White House.

"As to what interested me most on my entire trip to Washington, I guesa it was the meeting of the boys and girls from all the State when the roll was called, and it was announced who it was who had won the championship, Of course, I was glad when my name came second, though I had never dreamed of such a thing when I was working with my tomatoes during the summer.

"Among the places that we virited when in Washington I believe the one that interested the most was the mint, where they make so much money. I cld not get to handle a million dollars but there was surely lot of it there.

a lot of it there.

"About my trip: I left here on
Wednesday the 10th, and wont with
Miss Alsie Smith to Florence, where
I met Miss Edith Parrott, who has I met Mias Edith Parrott, who has charge of the girl's tomato work in this State. With her was Ernest M. Joye, who is from the lower part of the State, and who is the champion boy corn grower of South Carolina Miss hawha Lackties of Reaufort county, who has such a pretty booth at the State fair, also went with as to Washington, where we arrived on Thursday morning. When we got there we went to the Ebbit house, where the Alabama delegates were stopping. The boy was Walker house, where the Alabama delegates were stopping. The boy was Walker Lee Dunson, who beat Jerry Moore's record by raising 230 burbels of corn on one acre; the girl champion was named Eris. Westbrock. I think Walker Dunson was better looking than Ernest Joy2, but I didn't care for any of the boys," said little Miss Kelly when leasingly asked if she had found a sweetheart among the crowd.

The day we arrived we spent most of the time arranging

Twelve Task Whitner street, between hotel and Fast's Book Store. Call and see me any time you need the service of an excest Eye man, an experi frame adjuster or ampling you may need for 150 miling better vision and comfort.

The mast spring part of second to more say where immediate the service you get locally towns and whack up with the other boys, that's all right, I am sure the numeriate the send I don't concentrate all the funitees in the land. You individed one lots, but it tands to make as a more profitent man for Little Miss Kelly with Miss Participal.

It was on Mondry that we had the meeting when we were told who had won the honors in the unitonal contest, and it was that alternoom that we det Mrs. Woodrow Wilson. "We left Washington on Thursday, but just before going a right funcy little thing happened. Erniss Joye, that one for one may be little thing happened. Erniss Joye, the corn club boy from this State, while in Westbarton not an his sweetheart the tomato club girl from they had several fusion and important and imped on his door just before the time to leave, imminute or two please. Miss Participal, will give yet five mingtes, so Ernaut finished its note and I guess filey are sweethearts all right nose."

Little Miss Kelly with Miss Participal and the meeting when we were told who had won the honors in the mational contest. and it was that alternoom that we det Mrs. Woodrow Wilson. "We left Washington on Thursday, but just before going a right funcy little thing happened. Ernissa Joye, but just before the time to leave, where immine the man to fine the man of the meeting when we were told who had won the honors in the mational contest. And it was that alternoom that we det Mrs. Woodrow Wilson. "We left Washington on Thursday, but just before going a right funcy little thing happened. Ernissa Joye, but just before the times to large the man to the man to make he was had and the meeting when the mational contest. And it was that alternoom in that was that alternoom it had won the Mrs. Woodrow Wils

guess fley are sweethearts all right now."

Little Miss Kelly with Miss Parrott and the others reached Piorence on Friday and on Saturday morghing this little girl of whom Unica county is so proud arrived in this city with Miscs Smith, the sunty organiser of the tomato cit.

Missa Kelly, when a cortly after her arrival, talked interestingly as above partially outlined her trip to Washington, which she had been given by the United States government because of the splendid record she had ande as a tomato clus girl having cleared a profit of \$73.83 from the sale of fresh and connect tamajoes grown on one-tonih of an acre.

She is a bright, sturdy girl 13 yearrold and same her novt britishy will be on February 1. She is in the gith synde of the Kelly No 2 school, mid online cuite gut, in the saluding, The Pithe daughter of Mr. and Mrs. Ashby Kelly, who live about one mits from February station on a farm that Preside datagrees, on the main good.

five bushels a day, I believe 95 cans was about the highest number I put up in one day,

"I had in my saich 544 plants, and I did all of my own work except plowing, and, of course, I had to have some one to help me when canning so many, as I could not do it all by myself or the tomatoes would have spoiled before I could have canned them. I had real good luck, as I did not have bugs or worms to bother my plants, the only thing being dry

rot which ruined some of them.
"Yes, I had a mighty nice time in Washington, and I am going to try and do my best so as to get the trip again next year, though I neve thought I was going to get it this your when I was doing my work."

Having won second honor in this county at the county fair, failing to achieve first honor because her re-port of her crop was not as well prepared as that of Miss Beatrice Prince, she with Miss Prince will take the trip to Washington con-ge on the 26th, which was given as a n-ward for their work and will be ac-

companied by Miss Alsie Smith.

Miss Parrott, who accompanied the party to Washington, on her return in speaking fo Miss Smith, said that the department of agriculture officials were especially pleased with the exceptionally high quality of the goods made by the members of the Union county tomato clubs, and that on much attention had been given to making tomato jelly, which is something new in timato club work, and will likely become very popular because it is so easy for the girls to

WITH THE AD MAN.

By HORACE ANDERSON, advertising

By HORACE ANDERSON, advertising manager. Title Guerrance and Treast company, New York.

Mr. Anderson in a recent talk before the Bank Publicity association made the following remarks regarding newspaper advertising:

"In my opinion the standard newspapers are the best medium to accomplish results. I mean just what I say—the standard newspapers. For the purpose of making a general impression I do not believe in using the religious or the business or trade publications, the theatrings or the

man. At first he will not be consci-man of your advertising at all. The first effect of your advertisement will be on his subconscious self. The advertisement will have an affect on him without his knowing it. At a later time it will penetrate to bis subconscious self and in time may affect him to such an extent that he will begin to look for it and will take a definite, decided interest in.

To have horses of endurance give the colts a chance to develop their mascles.

With good care, good stock looks better, does better and pays better than scrubs Too often when stock is fed for

a certain market it is sold at a disudvantage, So far as can be done, select the largest and best sows for

breeders. The cost of feeding an animal increases with its weight, but not in direct proportion to its

weight. Keep the bogs quiet, clean and comfortable if you expect the best gain from the food supplied. Good breeding and good feeding are no closely related that they must go together. One is

useless without the other. If shoep are in a good, thrif'y condition at the state two months of good feeding will properly fatten for market.

BLACK LEG IS FATAL

Bad Calf Disease May Be Prevented

by Timely Use of Vaccine, Blackleg of caives is almost invariably fatal in twenty-four to thirty-six hours and has so iew sys ptoms that the animal is usually found dead or nearly so with one or more swellings resambling bruises on the sate, belly to the upper part of the legs. The owner usually assumes that the calf was kicked or hooked to death and so skins the snimal and leaves the car-Blackleg may always be recognized

by the swellings which contain bub-bles of gas in black, clotted blood. "When the skin over the swelling is rubbed it gives a peculiar crackling sound. The hide should never be broken, but the body buried deep and covered with lime. After two years cattle seem to be immune to blacking and it is not caught by horses, sheep or pigs. It is not configures; out, like the germ of lockiaw, it is in the soil of certain fields and is care! I in slight scratches, not deep wounds, die to bushes or wire ferices. An aninu with such a scratch lies on infector ground, and the infection is taken. On this account it in seldom e-idemic and therefore attracts less attention than it would if it were more abuildant at one

There is no cure known for this disease, but it may be preverted by vac-chation, with the vaccine issued free by the United States department of agriculture. It is only a small job to vaccinate calvesaged, as it gives com-plete inceptity, it is a cheap insur-

GENERAL STOCK NOTES.

Universal Guano Distributor

More of this style of Distributors are sold than all others combined. We call special attention to the many points of superiority found in the Cole Distributor. The WHEEL and HOPPER are strongly made and well braced. The WHEEL is made of seasoned timber, two-ply cross grained, cement nailed and held firmly by two flanges and three bolts. The FEED KNIVES have our peculiar pattern 7 d arrangement for the best results. The CUT-OFF is of improved design and is controlled by a lever in easy reach of the operator. This LEVER is in rear of hopper and protected by the handles. GAUGE is positive, accurate and easy to set. The whole machine is a splendid example of accurate and intelligent workmanship.
